General Manager

Subject: SCA/1/15(07)  
Consolidated List - Libya

Dear General Manager

For relevant purposes, the Superintendency wishes to inform you that the Chairman of the United Nations Security Council Committee established pursuant to Resolution 1970 (2011) related to Libya has published document SCA/1/15(07) dated April 16, 2015, referring to the final report of the Panel of Experts on Libya (S/2015/128) for the 2014/2015 period.

Regarding the arms embargo imposed by means of Resolution 1970 (2011) and amended by subsequent resolutions, the Panel of Experts recommended Member States:

- a) Approve national legislation governing the activities of weapons intermediaries or, if that legislation is already in force, permitting a more efficient control of these activities, and
- b) Conduct systematic inspections of cargo —particularly, but not exclusively, air cargo— coming or going to Libya if the State in question has any information giving it reason to believe the cargo contains items subject to the embargo described in paragraph 9 of Resolution 2174 (2014).
